

1. Admissions: (2021-2022)

Please fill out this table describing your program's applicant pool for the annual report year. Combine applicants across the year into one pool. The number of enrolled students should only include those students who were admitted and enrolled within the annual report year. This number should *not* reflect total student enrollment. Programs with multiple campuses or modalities should also provide supplemental table(s) that break this information down by each campus or modality, using the green +Add new Delivery Modality breakdown button.

Student Category	Number of Students
Applicants	336
Admitted Students	87
Enrolled Students	85

2. Graduation Rates: (2017-2018)

Below, using the ARY-5 cohortⁱ, indicate the cohort's initial enrollment numbers, how many of those enrolled graduated within 2 years, as well as those students graduating within 3 and 4 years. Note that the numbers in each successive column are cumulative, meaning that the number of students in the column for 4 years should include the numbers of students from the 3 year column, plus those that graduated within 3-4 years. In the final column, sum the total number of students who have graduated (column 4) and those students who are continuing to graduation. For example, if 15 students initially enrolled, 10 graduated in 2 years, 2 graduated in 3 years, 1 graduated in 4 years, and 2 more are still active in the program, you would enter: 15; 10; 12; 13; 15. NOT ~~15; 10; 2; 1; 2~~. Programs with multiple campuses or modalities should also provide supplemental table(s) that break this information down by each campus or modality, using the green +Add new Delivery Modality breakdown button.

	Initially Enrolled	Graduated within 2 years	Graduated within 3 years	Graduated within 4 years	Total Students Graduated and Persisting to Graduation
Total Number of Students in the ARY-5 Cohort	77	0	68	76	76

3. Report the job placement statistics (number) for the year PRIOR TO the annual program survey year (ARY-1), of students who were employed in the “profession” within six months of graduation, by employment sector, using the table below. Programs with multiple campuses or modalities should also provide supplemental table(s) that break this information down by each campus or modality, using the green +Add new Delivery Modality breakdown button.
